28-03-2020

Dear Parent,

The new session for the Nursery students was scheduled to start from April 07, 2020. We had planned an orientation programme for the parents on April 04, 2020.

We regret that due to COVID-19 threat and consequent lockdown we have to postpone this programme. We will subsequently communicate to you the date of orientation and start of the new session for nursery students after the school reopens.
